

STOPDIGGING!®

PIPE SCREW

A pipe ground screw designed to hold a steel tube within itself. This model is ideal as a foundation for traffic signs, rubbish bins and temporary fences. It is available in several sizes and is easily assembled with the steel pipe locking into place with the use of four bolts. The pipe screw is perfect for temporary installations where damaging the ground is to be avoided, such as parks, gardens, lawns, pavements and other other surfaces which need to remain intact. When you need to support a steel pipe for whatever purpose, the pipe screw is the best choice.

SGN	67x865	76x865	89x865	76x1200	76x1600	114x900	89x2500
SCREW LENGTH		865 mm		1200 mm	1600 mm	900 mm	2500 mm
OUTER DIAMETER	67 mm	76 mm	89 mm	76 mm		114 mm	89 mm
INNER DIAMETER	64 mm	68 mm	85 mm	68 mm	68 mm	106 mm	81 mm
